

# Our Mission

---

As a laboratory school of Concordia University Chicago and leader in the field of early childhood education, the Early Childhood Education Center (ECEC) is committed to sharing the Gospel of Jesus Christ with its children and families and focuses on the growth and development of each child. The ECEC also provides university students with opportunities to observe, develop, and implement educational experiences for young children.

# Our Vision

---

The children of Concordia University Chicago Early Childhood Education Center will be grounded in God's Word and challenged to become lifelong learners. They will develop spiritual, social, emotional, physical, cognitive and language skills; and become contributing members of the community and the society at large. The teachers and university students will be effective leaders with solid knowledge of current trends and best practices in the field of early childhood education.
